**Subject:** 3 companies poised to rule the post-PC world

**Just-released video reveals the full story behind why "the two most profitable words in technology" could wipe out Microsoft -- and hand a select few investors untold millions...**

*April 16, 2011*

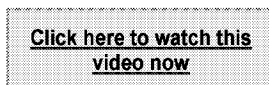

Dear Fellow Investor,

Since we first uncovered this groundbreaking investment opportunity, investors like you have had the chance to **grow their money by as much as 295%**.

But as you're about to discover, that's nothing compared to the gains we could see going forward. Which is why I thought you might be interested in an **eye-opening video report** released just this morning that reveals...

- The dirty secret behind Microsoft's mind-boggling growth -- and the 119-year-old technology that's about to bring the computing giant to its knees.
- Why even Bill Gates admits that "**the next sea change is upon us**" -- and why one of the world's most widely followed investors is convinced this massive shift **will make well-positioned investors extremely wealthy**.
- Everything you need to claim **your fair share of the profits** -- including full details on **three companies poised to rule the post-PC world**.

To view this video -- and discover how to position yourself **before the big money is made** -- simply click the button below.

Good Investing,
